Juice Corner

Why did we make this app??

We made this app because we wanted to keep a record of the various drink mixtures that are made, and this app makes the description and details very handy.

How will you choose which juice you want to make?

When we run this app we are provided with various menu item and out of the whole lot we can choose the one which we want to make. When we tap on that the new screen appears on which we find the ingredients and the directions provided to us.

Are all the juices healthy?

Yes, we have taken special care that all the ingredients and the juices that are made are healthy.

Does the Juice Corner provides us wide ranges of the juices?

Yes the Juice Corner provides us wide ranges of the juices so that the user can have various options to choose from.

Do we have an option for adding the drinks in the menu?

Yes, you are highly welcome we are providing you an option to add the juices in the menu according to your choice.
