Quiz Cricket

What gave us the idea of making this app?

Since everyone in today's world is crazy for cricket. So we decided to make a quiz type if game on that, keeping in mind that people would definitely like it.

What is the benefit of using this app?

The player or the user will definitely be updated by how the player looks like and what is the name of the player and along with that you will come to know that which country he belongs to.

How many options will be given?

We have provided 3 choices of how the various options will be displayed. We can either display the image with 3 options or can make it 6 or 9.

Scoring of the game?

The ultimate score of the game is on the percentage basis, which is done by keeping in account the number of guesses also.
